“ *I still remember the first time I heard you sing. I was amazed and you reminded me so much of your pops! They say the apple doesn't fall far from the tree and in this case that range true. I can still hear your laughter as we would Crack up about the vocal exercise of singing while laying on your back lol. Thank you Adajiah for blessing us with your talent and big heart. May God welcome you with open arms and a microphone. Rest easy young miss...*
