“ I will always remember Eldress Manley. Thirty years ago she came to me and said Sis. Regina God keep showing me that every time you walk toward the pulpit you're pregnant. I looked at her n said Sis. Manley God showing you someone else because its not me. I'm going through too much to have another child I barely could take of the 3 I have. As you know Sis. Manley continue to tell me Me saying no way 3 to 4 months past I'm still in denial God still showing her someone else not me. But behold nine months later here comes my baby boy. After that I always told everyone if Sis. Manley come to you n says God showed her something about you r said something you better believe her. Just look at my baby boy. A mighty woman of God will truly b miss Love her

“ I can recall only 1 time my grandmother yelled or disciplined me.. and it wasn't my fault! After years of being traumatized by my aunt, i finally took a stand! And got caught. . Lol. My grandma popped me!! I thought it was the end of the world. .. but no sooner had she popped me and walk away, i went into the basements to figure out how i was going to get my revenge on my nemesis (to protect the guilty she will remain nameless), and i cant recall how i found myself upstairs in the kitchen, with my grandma having tea...lol. I love her so much and ...sigh.. I just love her.
