“ *Ali was regular in the Teen Center at NHFPL and is sorely missed. I loved looking at his drawings of anime and manga characters and talking with him about his art. He was always one of the most polite and friendly teens to grace the Teen Center. Always talking with the other kids, even ones he only just met, and never saying a bad word about anyone. I am so sorry for your loss, you have my sincerest condolences.*

“ *My sincere condolences to the family of Ali Jones. May you find comfort in your loving memories, and in God's promise to soon "swallow up death forever" and "wipe away the tears from all faces." (Isaiah 25;8) With deepest sympathy,*

“ *Ali I am going to miss you and I love you. I am so happy to have had the pleasure to be your stepmother. I enjoyed our talks and I always loved when I would come in from work and you would ask me how my day was. After a bad day it made feel much better. That was you always caring about other people's feelings.*

“ Dear Family of Ali Jones,
Ali was a student of mine at James Hillhouse HS. I was devastated to learn of his death. He was very special to me. He would come into my Resource Room and share his anime drawings and books with me. He even gave me some of his drawings that I treasure. He would do animations on the computer in my room and yell for me from across the room to come and see. I truly loved him. He will always remain in my heart. My sincerest condolences and sympathies to your family and loved ones! Sincerely, Jeri Salomon

“ He was one of the people I felt so comfortable with and we would talk to each other everyday. He would go out of his way just say hi and would be a little worried when he didn't see me. This pains me to see he past so young. He will always be loved by many and will always be remembered.

“ *Ali was one of my students back in 2015-2016. Excellent student who tried extremely hard in my Spanish class. I'm deeply saddened to hear about this news. Him and his class held a special place in my heart, especially considering that it was my first year teaching and they taught me much more than I taught them.*

I remember bonding over art and anime with him. I gave him some of my drawings and I kept some of his, which I still have.

I'm sending my love and prayers to the family.

“ *Ali was my student two years ago. He was such a kind young man who loved to draw and loved showing me his books on animation. It made me very sad to read that he died. I will miss him.*
