“ Wow can't believe I'm writing this and in this time frame. Drew when I met you I felt like your attitude was bigger than mine lol and we wasn't going to be nothing more than a hi an bye, but no you kept ya head high and my eyes followed. You taught me how to play crazy 8's and that was it we clicked we talked for hours laughed until we was tired OMG. You had more maturity and heart than any other man twice ya age and I adored every moment we shared together never skipping a beat. I'm going to miss you soooo much more than you'll ever think. You may have not had what others felt you needed to have but to me you had all the tools of a genuine person and people like you come around only for a season I'm going to miss your smile, laugh, jokes, attitude and listening to your heart beat because it not only had sound but it gave me, your friend and Bonnie inspiration to keep pushing passed all obstacles an live life with no REGRETS!!!! Hold a spot for me because you were the realist I ever met. Thank you for blessing me even though short with ya presence and making such an impact in my life Love you always IDINAH
