“ R.I.P. Tony I love you and miss you . You will always have a special place in my heart. Tony touch my life in many positive ways that changed me and my life forever. He was like family to me. He was a great man who never ever judged me and I could really consider my true very true friend. Because we have many acquaintances in life however we only have a few people in life that you could actually consider your friend and Tony was one of them.. My condolences go out to the immediate and extended family. I was privileged to have known and spent time with Tony. I love you Tony and again R.I.P. 🙏🏻
