“ *Love you and miss you cuz, what I'm going to miss the most is your beaming personality. Knowing that I am not going to see on this side, but I know you are having a joyous time in your new body. Tell the family "Hi". I know you were welcome with open arms and a "HEY CUZ". Love you.*

“ My heart is truly broken , I didn't say goodbye. Those special memories of you that we share, will always bring a smile. If I could have you back for just a little while, then we can sit and talk again like we use to do. The fact that you're no longer here will always cause me pain, but I know in my heart you are in a better place until we meet again. Eyvonne Phillips Small
