

Betty Davis

February 9, 1957 - December 22, 2025

Betty Rose Davis, 68, of New Haven, CT, passed away in late December 2025.

Betty was born in Fuquay, NC on February 9, 1957, to the late Ella Ree Mitchell-Davis and Charles Davis Sr. As a teenager, she moved to New Haven, CT where she attended Lee High School and she later had her two children, Terrence and Nichol. She worked at a factory called Ives, where she was known as an excellent and dedicated worker.

Betty (known as “Bah”) was a very caring mother, grandmother, sister, and aunt who valued family greatly. Her vibrant personality and sweet voice could lighten anyone’s mood. She was the life of the party and the glue that kept our family together. Her generosity knew no limits. If someone needed help, she was always there never expecting anything in return. Betty loved spending time and laughing with her loved ones, caring for her big cat Smokey, listening to music—especially Whitney Houston and feeding the small animals that came to visit her through her dining room window. Her home felt like a scene from a Disney movie, a place you could never forget. Betty loved to cook and bake things from scratch. One of her favorite dishes to bake was artichoke pie. She loved drinking Coca Cola soda and smoking her Kool cigarettes and would always say “You gotta be cool to smoke a Kool” haha. She literally had a joke for everything. She loved spoiling her grandkids, making songs to sing

to them for bedtime and always making sure everyone had their favorite snacks.

She will be missed dearly, especially her contagious laugh and spicy attitude —there was never a dull moment with her. She leaves behind her two children, Nichol and Terrence Batts; her grandchildren, DeNaisa Banks, Jahnie and Jasmin Demps and her great-grandchildren, Nova, Reggie Jr., Lennox, and Zara Perez. Though she may be gone physically, the memories of her laughter, unconditional love, and unwavering support will always remain in our hearts.

We love you forever, Bah.
