“ *This is a hard pill swallow Darnell . I just want to say thank you for all that you have done for me and my family . Whenever we called you were always on the other side of that phone . whether it was advice or a helping hand . Thank you for always believing in me and the uplifting talks we had . You were the one who told me about a pardon when I had no clue . You showed me there's light at the end of the tunnel & hope to a brighter future. You made it your business to tell me “Larry its not how you fall but how you get up” . Never judged any of us on our past just told us how to be better and for that I'm forever grateful and indebted to you . I just wanted to say thank you one last time friend. You have helped so many people in the town and I'm sure more . Take a victory lap king job well done and may you sleep in peace .*
