“ *Well Age, you are with the angels... no fussin' & cussin' in heaven! You always kept it real and you never allowed me to do less than my absolute best. You were sooo proud when I went off to Morgan State, I can still see that smile on your face. It was still there when I walked across the stage to get that Master's degree 34 years later! For 52 years you have always had my back. Over the years I always tried to spoil you to show my love , respect and appreciation for all you've done but to me, it was NEVER enough. You are my hero... you fought like hell & never gave up on life. I miss you already... I'm gonna keep on pushing no matter what in your honor! I've got a lifetime of crazy memories and good times! I love you madly... Rest In Peace my mentor, my friend! SYD❤️*
