“ *My prayers and deepest condolences are extended to the family. I was saddened when I heard of Flora's death. Met her when she came to Yale New Haven Hospital from Blue Cross. We worked together in the same department for a while. Then throughout the years we would run into each other at different church events and or a conferences. Our lives we both recognized had been truly changed. I Am glad I got to meet this beautiful kind woman. May she rest In peace and God bless her precious family.*

“ *Flora has known me for many years, she will often remind me of how she would hold me in her arms as a baby. I was brought back into Flora life through our almighty God , he had a purpose. I feel very privelege and honored to have been apart of her life these last months here on earth. Flora is a beautiful person inside and out. We spent countless time and days talking about life, laughing and just catching up on things . We will often watch "Lets make a deal " flora knew the game like the back of her hand. Flora has made a huge impact on my life and she will be forever loved and missed. To stacy you have been a wonderful son, she was very proud and happy to know and feel the love and concern you always showed her.*

“ May God bless this family. Flora was my supervisor years ago at YNHH and then we became friends. Such a sweet spirit and I was shocked to read this. May the family be comforted in knowing that she was loved by so many and please accept my sincerest condolences... Peace and Blessings

“ *I miss my best friend, but she is now with the
best friend that we all have, our Father
in heaven. I can't speak to her in person any
more, but she can speak to our
heavenly Father. May God, who sees the
family's grieving heart and hears each
tender prayer, be near to give you peace and keep you in His care.
To James, Stacey
and Taylor and family: He takes care of His people like a shepherd.
He gathers them
like lambs in His arms and carries them close to Him. Is. 40:11 To
Flora: see you
when I get there, love and peace.
