“ *My deepest condolences. I have a few memories of Fred but the one that sticks out is the time I went with Edwin and his family to a family reunion I believe it might have been at a park in New York and there was a horse there I can't remember if it was part of the reunion or someone was passing by but I remember Fred saying something along the lines of I used to ride horses back in the day and I said to him you can't ride no damn horse and he jumped on the horse and took off like a damn jockey was a cool thing to see. I'm not the biggest church guy there but I wanted to share this Corinthians 5:8 we are confident I say and would prefer to be away from the body and at home with Lord. No more suffering and I know he is at peace. I love all you guys sincerely Tony*
