“ *Grandma! I love you sooooo much!! I miss you as well. I remember when we used to have fruit parties, watch those vhs videos you always recorded for us, watching all of those d*mn soap operas, pool parties, building pipeworks in your back yard trying to make a car to drive off in, walks to the liquor store down the street, and admiring that beautiful bedroom you had upstairs with the twin pink beds! haha. It's obvious that the best times of Brandon, myself, David, and Keith's lives were in your home. We will all be up there in heaven with you in the future, so enjoy your peace while we're still down here! haha- Love you*

“ *I always loved my grandma, and enjoyed all the time i was able to spend with her over my childhood years. I feel that it is very unfortunate that she had poor health conditions because she was such a beautiful person. But i do know that she is in a better place with less pain and stress and she can look down and make sure im ok. I love you Grandma. May you rest in peace.*
