“ *Tiny, I am in shock to know that you are no longer with us. You were a true friend of mine who supported me through some of the most difficult times in my life. You always made sure I never felt alone. Even when I was making bad choices you continued to be by my side and always believed in me. You were selfless and kind and everything that you did. You will always have a special place in my heart and I will laugh to myself years from now thinking back to all the fun we had together. I promise I would have definitely been able to convince you to dress up as Cher so I could accompany you as Sonny at a Halloween bash, as much as you always denied the possibility. I know I would have been able to convince you. Love you brother. See you in the next life. We'll have a blast. Xoxoxo, Selena*
