“ *It was very sad to read in the paper the George had past away. My connection with him was when he spent his weekends at Flanagan Ambulance polishing cars. I am the owner son. now 55 myself.He was just as much as part of Flanagan as everyone else and It was a sad day when it was sold. I never meet his son or nephew but i want them to know you could not have met a better person than George . He watched me grow up and All of us had the most respect for him. I still rememer when he purchased Black mercury in the eigties, he was so proud of that car , Or the countless times we offered him something to drink or eat. He mostly told us he was all set . To Molly , I cant tell you how many times George spoke about you to all the Ambulance guys for along time refering to you As " my Girl" I guess only the chosen few really knew your name. I'm remember when you went shopping on the boulevard and I'd try to catch you there to give you a ride home in the Ambulance so you would not have to walk with the groceries. Well to end this I'd like to say I am very proud to have you both in my life ,and extremely sad that George passes away , we all lost track of each other over the years, If I did not have an important meeting this morning I would have been there.*
