“ *My prayers go out to the family. Another individual in the West Hills Family is gone. He will be missed by many of those that knew him. It was always a pleasure to see James during the times that I saw him during my visits to New haven in the past few years. We always would wind up talking about those times out there in West Hills and how it was living out there. He remembered a lot of people who lived out there. Most of the time when I started describing someone because I couldn't remember their name James could tell me who I was talking about. Even when I used their nickname as I remember them by he could tell me what their real name is/was.*
