*I miss you so much auntie Karen. Even years and years later, I think of you daily. I wish back then I was old enough to understand, to build a relationship with you. Go places. I know it's been 17 years now, but it's still hard. You and memere were the glue. I love you more than I could ever express, and more than you could ever understand. I wish I could say goodbye one more time. As an adult. I miss you, auntie Karen. I love you. - Cammille*
