“ *We extend our deepest condolences to the family as we lay Uncle June to rest. He was a simple family man who truly loved what matters: church, a full life, and his wife. He was quick to welcome you to sit and chat always wanting to reminisce about major events in his life and the importance of family staying together. He had a work ethic that none could beat! This included a simple lunch as well: a peanut butter & jelly sandwich along with a luncheon meat one. Although childless, he was a father and uncle to many of his nieces and nephews. His legacy will be carried forward through all the lives he has touched. He will be greatly missed. Memories of his life will last forever.*

“ *May God give us strength during this difficult time. The Bible tells us that death is not the end of life; it is only the body that perishes, the spirit continues to live. This thought brings a lot of comfort to me during this time of sorrow. Though my heart weeps for Uncle June, I know that this is not the end, but a new beginning of his journey with God - no more arthritis, no more failing body functions, no more pain and no more sorrow. I thank God for the family members who took care of him during his illness. He was surrounded by so much love in his last days. What a blessing! God is good! Uncle June is in a better place and that is a good feeling! He brought joy to so many people and have left us with a treasure full of memories. It is those memories that will help us smile through the tears! I will not be at the home going service in body but will be with you in spirit. May God bless each of you!*
