“ *Dear Family, I am thinking of you and wishing you moments of peace and comfort as you remember Lillie Mae who was so close to you. I pray the love of God and happy memories will get you through this difficult time. I'll never the Elm Haven project days. She would yell at us out the window in a minute if she saw us doing anything wrong. Those were the kind of babysitters we had back then. You never knew who was watching. To the family, so sorry for your loss and she will be missed, but God loved her best.*
