*Not a second  
Or another minute  
Not an hour or another day  
But at this moment with my arms out stretched  
I need you to make a way  
As you have done so many times before  
Through window or an open door  
I stretch my hands to thee  
Come rescue me  
I need you right away  
I need you now  
I need you now  
I need you now  
I need you now  
Not another second or another minute  
Not an hour or another day  
But Lord I need you right away  
If I never needed you before  
To show up and restore  
All of the faith that I let slip  
While I was yet searching the world for more  
The truest friend I have indeed  
You are my best friend I know in me  
I stretch my hands to thee  
Come rescue me  
I need you right away  
The agony of being alone  
Fear of doing things on my own  
The test and trials that come to make me strong  
The feelings of guilt, hurt, shame and defeat  
The waves of trials that beat upon me  
But to know, Lord, that in you I've got victory  
I need you now, Lord  
I need you now, oh*

*I need you right now, right now, right now  
I need you now  
Oh, not another second  
Not another minute, Lord  
Can't wait another day, Lord  
Oh no  
Please make a way  
Oh Lord*
