“ *Funny the print you left on people and made them feel the love that overflowed from your cup. Weird how people never realize how much you mean to them and how pure your love was for them until you're gone. 2years now and I still wish I was able to say I love you back before losing you forever. Never think of how you are not promised tomorrow. We love you we miss you and I still show up and show out for you. Forever your butt butt and pop pop 🍑👊 - Locked In*
