“ *You have my deepest sympathy on the loss of your loved one Mr Michael Pollard Sr. In the Bible at Psalms 56:8 there is an account of King David praying to God. When suffering pain and a lot of stress he prayed to God to put his tears in a skin bottle. Such tears would always be remembered, yes, written down in God's book. Please remember that Almighty God knows your pain and will give you what you need, to be comforted and endurance through the days that lie ahead.*

“ *Hello I would like to start by offering my condolences for your loss. I know how bad it hurts to lose a loved one, I lost my grandma not too long ago and I have a scripture that helps me feel better. In the bible at John 5:28,29 says, 'Do not marvel at this, because the hour is coming in which all those in the memorial tombs will hear his voice and come out.' According to this scripture, God is saying that everyone who has died will live again and you can be reunited with your loved one. If you have any questions feel free to contact me at my email.*
