“ *When I met Grandma for the first time, it was as if I was home and where I should have been years ago. Chris taking me to meet his Grandma was a highlight in my life, from our very first meeting I became her grand daughter and how proud I was to call her Grandma. I will always remember our conversations, the special ones between the 2 of us. I know that she is smiling down on us and wanting us to love one another. I promise to always do so, for you Grandma!
Love you and miss you already!*
