“ To Paul's family my heart goes out to you all. I know you will miss him but he is alive in our heart and always will be. He is one of a kind out of this big world, he always stood out, he loved people and was so good with his words that he could sell sand in the desert. He was a very talented man and just getting ready to make his world shine for all of us. He loved his children and wishes he could have told them that more. Family meant the world to him.
