“ To the Lacy Family,
There is no sorrow that God can not heal, and time heals all wounds. We want you to know although we are unable to be there in the flesh, we're there in spirit. Our prayers and condolences are with the family during this difficult time. Priscilla will truly be missed by many, but not as much as by the family. Remember when all the calls and visits stop by family and friends, know that God is right there by your side. He will never leave or forsake you. We love you all!

“ *This is to the family*

There will be times no one will know what its like to be without our loved one. Your smile, your touch made our days, we all know it isn't going to be the same. Yesterday is gone and tomorrow is here what a joy it would have been to see you smile and touch our hands once again. God is just letting us know another life must had to go. We all know you are still here bedded down within our tears. Rest in peace forget about this world, but our hearts will always hold you near. Mom, you will be missed.
