“ Rob will surely be missed! He was a loving well manner son. I was Rob first babysitter when Gloria returned back to work. He was one month older than Kenny. Kenny was always there for Rob when he was in presence. Veronica said to me mom, his brother always helping him bringing his groceries making sure he gets home safe. Also, going with him to his appointments and church - that he loved church.

God continue to strengthen his Mother, Dad, brother, daughter and entire family doing this time of bereavement.
