“ *I am very sorry to hear about Sadie. I worked at Ella Grasso center and Sadie was one of my cases. We became very good friends and thought alot about each other. Unfortunately I lost track of her quite a few years ago and have been retired for 6 years now. I was the person she named her daughter Debbie after. We had some very interesting times together good & bad. She was a unique individual and loving individual It is a shame she has passed at such a early age. I only wish this was not the way I found her again. My deepest sympathy goes out to her children and family*
