“ Sheldon was a dear friend of my family. He was always smiling. When I first met him, I knew that he would be a person that would keep a smile on my face. He used to get on my nerves, but I loved that about him. Despite what anyone has to say about my friend/brother/cousin; I know that he was a great human being. He is smiling at us all and don't want us to hurt. He wants us to cherish the many memories of him. So family let's stay strong and remember and keep Sheldon alive through his children. Steven, I know what you are going through. But Big brother keep your head up. Be strong for the rest of us.
