“ *To Dereck & Family, first let me express my deepest condolences on your mother's passing. Your mom was my friend, going way back to 1968 when we all lived on James Street. She taught me how to cook and we shared so many similarities, being young moms. Over the years we would call one another intermittently, but our conversations would pick up like we had just talked yeaterday. She never let on to me, how sick she was, I knew of her illness from long ago, but she siad she could still get around and we promised one another we'd do lunch before years end. I can't explain how saddened I am of her passing, but I know that there is a God who sits above and Vann, is no longer in pain, she is in glory and we should rejoice in her homegoing and know that she is now safe in His arms. Thanks for calling me and including me in her final hours, God bless you and your family.*
