“ *Val was a very dear friend. We met at Delaware State University in 1992 (Tubman Hall). She was always cheerful and had a laugh that would just make you smile. I will forever remember all of the wonderful conversations about education, life and the great times we shared together while in school. One of my all time fondest memories was her saying "Sis , do you have anymore noodles!" Oh how we would laugh her spirit of positivity was contagious. I'm going to miss you dear friend, to be absent from the body is to be present with the Lord. My thoughts and prayers to the family and loved ones.*

“ 30 years of genuine friendship and love. Meet Val at Delaware College, now University. Singing in the DSC Gospel Choir at that time. She would attend our Sabbath service and get her PRAIS on. Gonna miss her calling and hearing her high-pitch and exuberant voice saying “hey Chris, this is Val”, like I didn’t know who I was talking to 😊 She had made plans on catching the train to come down next month to fellowship with her DE State College family as she affectionately called her college fiends. She wanted me to be her Uber/Lyft driver 😊 Val didn’t like to drive but she would find a way to get around 😊 but that fellowship will have to be postponed until that ‘great-getting’ up morning when the dead in Christ shall rise and those who remain shall be caught up to meet them in the air! Until then sleep on sis!
