“ *I can't even begin to say enough good things about Will. Being with him for the past seven years has truly been a joy. I saw sides of him that I never thought existed. He always enjoyed life to the fullest. His true joy was working for Steven's Ford. I'm sure he was the best employee ever with never having missed a day in his life and loving all the people around him. Not a bad word was ever said about "Willie Joe". His second biggest joy was raising our two chihuahuas together. He had such unconditional love for them and spent hours playing with them. They have such a void in their lives now without him.*

Will enjoyed weekends at Monster Jam, going to country fairs, long drives in the country, going to Mohegan Sun, going to his favorite restaurant Cracker Barrel, watching sports on tv, spending family holidays and going to picnics in Bethany and just plain relaxing. Our road trips to North Carolina and Maryland were the best fun ever and kept us in touch with the true southern gentleman that Will was. His stories of the south and growing up will live on in my heart forever. There will never be another man like Will. His contagious laugh and wonderful smile will never be forgotten. Forever in my heart, Deb

My condolences to my family. So sorry for the lost again. Willie Joe and I laughed and talked when we saw each other just a little over two months ago during the family gathering for his late sister, Lillie. May the fond memories of your brother's soul help you to find strength and comfort.
